The city has acted in bad faith towards us in this matter, and have, in effect, repudiated this debt, which they have, more than once, acknowledged. The same thing may with man life lengthened by many years, if comtruth be said of this failure to comply with their obligation to pay the balance of the purchase money due on the steamer "Mississippi." ter, accompanied with references, and handed in by the 22d inst.

The Trustees have thoroughly re-organized the School, and offer educational advantages second to none in the State. Hazlehurst is unsurpassed for healthfulness, moralify and cheapness of living; it is easy of access by railroad, and the standard of education adopted in the public school is as high as that of any college in the South. They would invite the attention of parents and guardians who wish to educate their children liberally, and eespecially those of limited means, to their School.
